Dear Harold;

After speaking to you on the phone this A.M. I found this article in the L.A. Times. Also, an article from the "New Republic" It happens to agree somewhat with my theory that Nixon was framed to get him out. Do you think anyone really knows who is in control? It reminds me of when a movies is made by committee. It just doesn't work. There has to be one with the final say. Who in this country is it? DAVDD? How does one hand know what the other is doing?

I hope this letter finds Lil feeling better and the headache is gone.

Best,

Paul
